

JOINT VENTURE

CAPABILITIES STATEMENT

PMP/GBAB JV, LLC is a general construction firm and SBA Mentor-Protégé Program (MPP) participant. We serve clients by providing project management, quality control, estimating, scheduling, project administration, and safety compliance.

While many companies offer services similar to PMP/GBAB JV, customers find our field supervision most valuable; they state it sets us apart from other businesses. We ensure our projects are staffed properly to maintain the safest, most efficient job sites. We do not rely solely on our sub-contractors to verify the job is progressing efficiently; our field staff are there 100% of the time. This hands-on management approach has saved our customers invested time and money. We can do this because we manage issues before they become large, expensive, and time-consuming problems.

Customers who benefit from our services and proactive field management include:

US Army Corps of Engineers
